Remote Learning – Lockdown 6

Due to the ongoing level of community transmission of COVID-19, the Victorian Government has announced the current restrictions in place across Victoria will be extended. This means remote and flexible learning will continue in all Victorian schools until the end of Term 3.

This means remote and flexible learning will *continue in all Victorian schools until the end of Term 3. There are no changes to the current operational settings in schools or the categories of students who can attend on-site.*

Currently our school has a number of students attending onsite under Category B – Vulnerability.

This category does not require an authorised worker permit to access onsite supervision.

LEANNE SCOTT – PRE-SERVICE TEACHER

Silvan Primary continues to support pre-service teachers (PST) during COVID-19 restrictions. Our school would like to thank Ms Scott for completing her final year placement over the last four-weeks.

Our school has played an important role in maintaining the pipeline of teachers entering the profession, as practical experience is an essential component of initial teacher education (ITE) courses.

Ms Scott has certainly had a challenge working onsite and remotely, to ensure our students are learning during these difficult times.

I'd like to thank Ms Scott for her dedication and professionalism throughout her stay working in our community, providing many memorable experiences for our students.

We wish her all the best as she completes her final studies, graduating to be a registered teacher.

DANCE CURRICULUM

Bravo to Mrs Hughes who started the dance movement at Silvan last week. Students have been travelling abroad learning different dances with Mrs Hughes at school and online. We've also been online with the Dance Curriculum crew to learn the moonwalk.

I believe we're travelling to Spain for the macarena and then the robot dance tomorrow. Don't forget to get online if you're at home. Checkout this week's timetable for log ins and times.
